Better Energy Together

A **life cycle solutions** company enabling a **sustainable future**

Engineering | Operations | Systems

Key Highlights

energy life cycle solutions delivering a sustainable future

Summary

<p>10 Years of growth, built on 40+ years of expertise</p>	<p>1100+ Employees operating worldwide</p>
<p>£188m 2025 Revenue</p>	<p>£696m Backlog as of Dec'25</p>
<p>3 Regional hubs supported with satellites</p>	<p>40% Non oil & gas revenue</p>
<p>6 Core service lines operating globally</p>	<p>6 Core sectors covered globally</p>

Global Footprint

Better Energy Together

Integrated Sector Offering

Helping to develop and decarbonise traditional oil & gas industries

Proven operating model in sustainable energy & digital solutions

A unique decarbonisation platform spanning, wind, nuclear and CCUS

Providing innovative engineered solutions across sectors including defence and marine

Cross sector capability delivering unique innovative and decarbonisation solutions

Our Service Lines

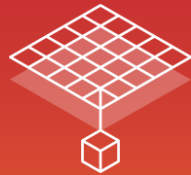

SUBSURFACE

- > Subsurface Field Development
- > Advisory & Transactions
- > Marine & Geoscience Service Delivery

WELLS

- > End to End Well Delivery
- > Well Integrity, Late Life and P&A
- > Well Operator & Execution Delivery

SUBSEA

- > Subsea Engineering & Project Delivery
- > Operations & Integrity Support
- > Technology & Innovation

EPCC

- > Full lifecycle EPCC Project Delivery
- > Front-End and Strategic Studies
- > Detailed Design & Execution Delivery

OPERATIONS

- > Operations & Duty Holder Services
- > Maintenance & Integrity
- > Decommissioning Leadership & Delivery

PRODUCT SOLUTIONS

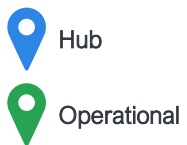

- > Specialist Equipment & Tooling
- > Precision Engineering & Components
- > Renewables & Energy Transition Delivery

Enabling integrated delivery solutions

UK Focus

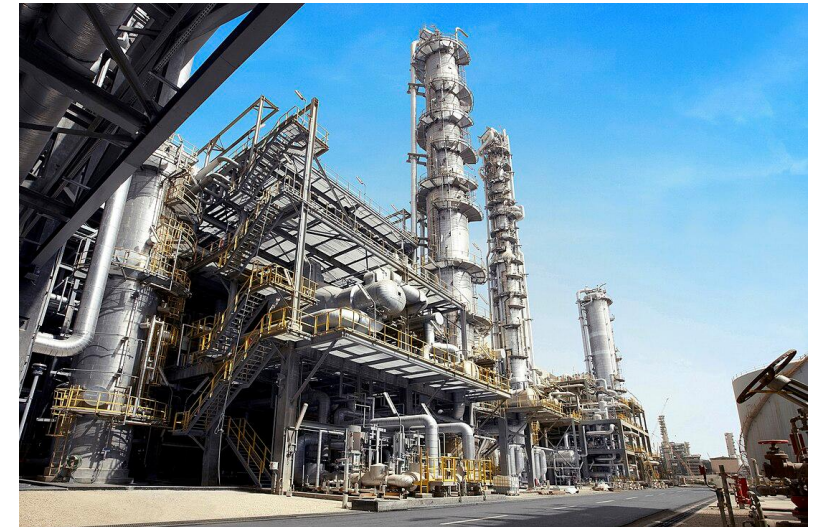

- /// Over 450 employees (40%) in UK
- /// 60% of revenue generated in UK
- /// Wells, Subsea, EPCC & Operations Hubs:
 - > Aberdeen
 - > Glasgow
 - > Teesside
 - > Great Yarmouth

Across the UK's Energy Supply

EPCC support to the Midstream, Chemical and
Petrochem sectors
Teesside

Celebrating Supply Chain

OEUK Supply Chain Gold Award

- /// Only supply chain company to achieve the Gold Award for 2 consecutive cycles
- /// Only non-operator to receive in 2024
- /// Demonstrates our consistent, proven commitment to building strong supplier partnerships and working with our fellow supply chain

SEQUAL

- /// Our primary supply chain platform
- /// Used as both supplier and buyer, giving us unique insight into supplier needs while working to the same standards as our customer base

Thank you
